GENERAL 'BLACKJACK' PERSHING DIES

Russia Says 'No' To Allies

Refuses to End Berlin Squeeze

MOSCOW — (INS) — The Western Allies were told by Russia today that through their own alleged violations of four-power agreements on Germany they had lost their right to remain in Berlin.

This was a principal point in Soviet notes to the United States, Britain and France rejecting allied protests against the Russian economic blockade of the former German capital.

The reply to the allied governments flatly turned down a demand that the blockade be lifted in advance of four-power talks to solve the Berlin crisis.

The Kremlin declared its readiness for joint discussion of the overall problem of Germany, but declined to discuss Berlin separately and lift the blockade beforehand.

Soviet disclosure of the contents of its notes to Washington, London and Paris contained the first outright admission that the blockade of western sectors of Berlin was invoked intentionally. At one point the Russians stated:

"Measures for restricting transport communications between Berlin and the westen zones of occupation were introduced by the Soviet command to protect the economy of the Soviet zone from disorganization."

BLAME ALLIES

The Soviets said that the present situation was caused by "infringements by the western governments" of four-power agreements.

At the same time a bold warning that the Soviets may be ready to curb Allied air traffic into Berlin was published today by Taegliche Bundschau, newspaper of Russian occupation forces.

Under the headline "Unbearable Air Traffic Situation," the newspaper said:

"Among Soviet air traffic experts the opinion prevails that it is high time air traffic regulations were revised. The air corridors occupy too much space over the Soviet zone."

The article appeared as allied airmen guarded against stepped-up Soviet aerial maneuvers which might harrass American and British crews flying necessities into Berlin.

Taxes Top $100,000

Real estate taxes collected yesterday amounted to $100,528.03, the largest amount received in a single day so far this year.

With Tuesday at 4 p. m. the deadline for payments, yesterday's collections brought the total to $658,704, County Treasurer Charles C. Payne reported. Total collections due are $911,472.

Taxpayers have been making use of a slot in the door of the treasurer's office for making after closing hour payments. Envelopes are provided for enclosing the tax statement as well as check or money.

Payne said his office would remain open until 4 p. m. Saturday.

Clot on Lung Kills Leader

WASHINGTON—(AP)—General John J. "Blackjack" Pershing, who led American troops to victory in World War I, died at 2:50 a. m. today at the age of 87.

Announcement of the general's death was made by President Truman through White House aides, after he had learned of it upon his return from the Democratic national convention at Philadelphia.

The aged former chief of staff had been ill since February 1938 when he was stricken at Tucson, Ariz., by a form of rheumatism which affected his heart muscles. He came close to dying at that time, but rallied with a display of fighting spirit which amazed his physicians.

Since then, he had lived at Walter Reed hospital here, in recent years staying in a wing built especially for him.

Death was caused by a blood clot which reached his lung.

Maj. Gen. George Beach—the hospital commandant, who met Mr. Truman at the train on his arrival from Philadelphia—reported that the underlying cause was "arteriosclerosis" and "auricular fibrillation."

At Pershing's bedside were his son, Warren, his sister, Miss May Pershing, and his longtime physician, Maj. Gen. Shelley Marietta.

As general of the armies, Pershing was the nation's highest-ranking military man.

Only one other American, George Washington, has held that title. Several other military leaders of the Civil war and World War II have held the title of general of the army.

All during the second World war, Pershing received a full report twice a month from General George C. Marshall, his aide of 1917. Pershing had warned that the United States might become embroiled in a second European war as early as April 1937.

After this country went to war with Germany and Japan in 1941, the general, old and feeble, followed day-to-day developments closely from his hospital room, paying particular attention to "my boys"—who included, besides Marshall, Generals Dwight D. Eisenhower and George S. Patton jr.

WEST POINT GRADUATE

Born Sept. 13, 1860, Pershing graduated from West Point when he was 26. He became a second lieutenant in the Sixth U. S. Cavalry in July of that year.

His appointment as general of the armies was confirmed by the Senate 23 years later. Between those two dates, Pershing served in such military engagements as the Apache campaign in New Mexico and Arizona in 1886, the Sioux campaign four years later, the Spanish-American war of 1898 and the Filipino insurrection in 1913.

His appointment to the command of the American Expeditionary Force in 1917 was preceded the year before by command of the U. S. forces sent into Mexico after the bandit chief Pancho Villa.

Pershing took personal command of the American troops sent to France in World War I, and immediately became involved in a hot dispute with other Allied commanders, who wanted to break up the American army and use it to reinforce the French and British armies wherever necessary.

The American general flatly refused to let his troops lose their identity—a position for which he still was under attack 20 years later from such men as Lloyd George, wartime British prime minister.

Pershing became chief of staff after the first World war in 1921. Three years later, at the age of 64, he retired.

Falls Off Viaduct

A 1948 Senior high school graduate was injured seriously about 12:30 p. m. today in a 30-foot fall from the reconstructed Mulberry street viaduct.

David L. Carto, 17, son of Mr and Mrs. Willis F. Carto, 340 Davis road, Woodland, was rushed to General hospital in a Wappner ambulance. Attendants there said his condition was "serious but not critical." X-ray pictures were ordered to determine the full extent of his injuries.

D. L. CARTO

James Ogden, 310 Vennum avenue, who was working with Carto, gave his account of the mishap:

They were shifting lumber from the east sidewalk 50 feet from the north end of the viaduct for use of workmen laying a new floor on the bridge.

Young Carto slipped and fell between the crossed girders. Desperately he clutched at the girders, but could not stop his fall. He left his fingerprints on the freshly-painted steel.

He fell 30 feet into earth and weeds on the bank sloping into Ritter's run and then rolled into the almost-dry bed of the creek.

He was still conscious but dazed when fellow workmen reached him. They said the youth made no outcry as he slipped and fell.

Young Carto had been employed by the street department since shortly after receiving his diploma June 2. For several weeks, he was engaged in painting curbings along downtown streets.

He has been accepted for admittance into Ohio Wesleyan university in September.

Young Carto's father is Mansfield representative of the Chatfield Paper company and chairman of the Kiwanis club's "chew gum to help the children" campaign.

Singleton's Funds Short

CLEVELAND — (AP) — People who gave John W. Singleton money for almost-new cars which they never received will have to settle their claims for a few cents on the dollar, says an attorney in the case.

Theodore R. Spilka, attorney for the trustee in bankruptcy for the former auto dealer, says $82,500 in cash is at hand, and a few thousand dollars more may come in.

Claims total $991,369, including $961,369 demanded by 507 persons who say they made advance deposits on automobiles, he added.

Mail Routes Change Tomorrow

Post Office Reminds Boxes Need Moving

A "don't forget" reminder to Mansfield post office patrons was issued today by Acting Postmaster Curtis L. Ford, as an augmented staff of postal employes rushed final preparations to inaugurate major revisions in both city and rural mail routes.

Ford reminded that hundreds of householders on rural routes and on the new mounted carrier route should have the locations of their mail receptacles changed or new boxes in place before carriers start their new routes tomorrow. Instructions for placing the boxes were printed in the News-Journal July 7 and 14.

Seven new permanent mail carriers and four new permanent postal clerks will help inaugurate the changes.

The post office began hiring the new men on June 28. They have been receiving training ever since. The new clerks have been memorizing the new set up in order to work the mail for distribution, Curtis Ford, acting postmaster, explained.

7 TEMPORARYS

In addition to the 11 new permanent employes, seven temporary employes — five carriers, a substitute mail handler, and a substitute clerk — have been hired to fill in during vacation periods. This raises the total number of employes in the Mansfield post office to 129.

Rearrangement of equipment started today in preparation for the new set up. All of the rural mail cases and the mounted mail cases were being moved to the basement of the post office to make room upstairs for the new city cases.

Last March the post office purchased new rural cases and installed them in the basement in preparation for start of the new system. Since that time, the volume of mail has increased and sections of the old rural cases must be moved downstairs to supplement the new ones.

When the post office was built in 1914, Mansfield had a population of 22,000. Now the post office serves between 55,000 and 60,000 people with no additional floor space. Consequently, the basement is being used in an effort to alleviate the crowded conditions in the first floor mail room.

Clouds Carry Threat of Rain

Mansfielders enjoyed an almost ideal summer day today as the mercury flirted with the 75-degree mark at noon.

"Old Sol's" rays were tempered by lazy clouds that carried a threat of rain tonight or Friday.

The weatherman said prospects were good for another cool night with temperatures expected to drop below 60 degrees in some areas.

The city's high reading was 79 at 2 p. m. yesterday, contrasted with a low of 57 at 3:30 a. m. today.

School Classed As 'Fire Trap'

COLUMBUS—(UP)—A two-story frame public school building at Chesapeake in Lawrence county was ordered closed today by William J. Rogers, state industrial relations director.

The Chesapeake school, which has eight grades and 150 pupils, was one of several in southern and southeastern Ohio inspected by Gov. Thomas J. Herbert and other state officials in May. Rogers described the Chesapeake school as "a fire hazard and a veritable tinder box."

Pay Plea Called Too High

Vote Termed 'Wrong Move'

A majority of city councilmen expressed the opinion today that while firemen and policemen deserve "reasonable wage increases," they had asked for too much.

Seven of the nine councilmen were interviewed by the News-Journal.

Several indicated they did not approve of the policemen's and firemen's plan to go over council's head and submit directly to a vote of the people their request for wage increases.

The city's safety department employes yesterday announced they planned to attempt to have a proposed wage increase ordinance placed on the ballot in November. Initiative petitions are to be circulated by the end of the month.

The ordinance they propose for a vote would grant wage increases of 29 to 45 per cent and would cost the taxpayers $98,300 a year.

'ASKING TOO MUCH'

First Ward Councilman Thomas R. Wright said "although I am convinced that they (the policemen and firemen) are entitled to a reasonable raise, I don't approve of the method and I think that they are asking too much."

Councilman - at - Large Harry J. Hollinsworth echoed those sentiments, adding "council is the body that should grant raises because it is the one who must find the money for the increases."

Nelson Swihart, representing the Sixth ward, declared on the other hand that the policemen and firemen were "partly justified" in going over council's head and asking the people to vote on the measure.

Truman Call Angers GOP

Action Called Political Trick

WASHINGTON — (INS) — Republicans angrily accused President Truman today of making a "desperate" political move in recalling Congress and warned that a special session will enact no "constructive" legislation.

Sen. Vandenberg of Michigan, chairman of the Senate foreign relations committee, said in Grand Rapids, Mich., that Mr. Truman's action is "the last hysterical gasp of an expiring administration."

Rep. Wolcott (R-Mich.), chairman of the House banking committee which handles housing and price control measures requested by Mr. Truman, declared that political considerations would prevent enactment of any "constructive" legislation by the special session.

Rep. Eaton, chairman of the House foreign affairs committee, charged that Mr. Truman "is using his constitutional position to advance the interests of his own candidacy."

Rep. Judd (R-Minn.), a foreign affairs committee member, declared that the President's call for a special session "is a cheap political trick and an attempt to shift the blame for the Truman administration's failures to the Republicans."

Heavy Storm Hits Kansas

HUTCHINSON, Kans. —(UP)— Winds estimated at more than 100 miles per hour accompanied by heavy rain swept central Kansas last night, damaging property killing one man and injuring several other persons.

Victory Costs Dixie Support

PHILADELPHIA — (AP) — President Truman countered a Democratic civil rights split today with a dramatic call for a July 26 special session of Congress and a smashing attack on what he termed the "poppycock" of Republican promises.

Mr. Truman asked for action within 15 days after the lawmakers meet, on anti-inflation and housing legislation.

An hour before he took the stage of Philadelphia's Convention hall early this morning to fling a challenge at the Republicans to make good on their Dewey-Warren platform pledges, Mr. Truman had been nominated by his party on the first ballot.

The vote, indicating the wide breach opened in party ranks by the bitter, last-ditch fight over civil rights was:

President Truman, 947½.
Senator Richard Russell of Georgia, 263.
Paul V. McNutt, ½ vote.

PRES. TRUMAN

SEN. BARKLEY

Not voting, 23.

The convention then gave Alben W. Barkley of Kentucky, 70-year old minority leader of the Senate, a unanimous vote for vice president.

Unanimous, that is, except for a group of Mississippi and Alabama delegates. They had walked out earlier over the racial issue—turning their steps to Birmingham, Ala., and a Saturday call for a states' rights convention of their own.

But Mr. Truman took the bit in his teeth in a fighting acceptance speech.

The President laid down a seven-point legislative program for Congress. He said he would ask (1) aid to education, (2) a national health program, (3) civil rights, (4) increase in minimum wages, 5) extension of social security benefits, (6) funds for public power and cheaper electricity, and (7) an adequate displaced persons bill.

While embattled southern delegations sat silent, the arm-waving chief executive told the delegates:

"Everybody knows that I recommended to the Congress a civil rights program. I did so because I believe it to be my duty under the constitution."

SOUTHERNERS ANGRY

Some Southern Democrats, angry over the convention's adoption of a stiffer civil rights plank than its own platform committee had urged, said they believe the Republicans will lose no time in putting a civil rights bill before the Senate at the special session.

Whatever the outcome, Mr. Truman was credited by many of his admirers with having dealt a strong and double-bitted political stroke. Its apparent aim: to blot out the record of the last-ditch Dixie fight against his nomination and to put the Republicans on the defensive.

Mr. Truman had been waiting several hours in a backstage room and veranda for the convention to complete its business.

There he heard his partisans cut loose with a well-organized, liberally placarded 38-minute march that was about the biggest outburst the Democrats have produced in the last four years.

But screams from a siren and music from a band and organ, found the southern delegations which had supported Russell sitting silently, grimly holding on to their state standards.

The Dixie delegates put Russell, who has called Mr. Truman's proposals a "civil wrongs" program, as their protest candidate after Gov. Ben Laney of Arkansas quit the race.

But the crowning blow was the 651½ to 582½ vote by which the convention decided to write into the platform a flat endorsement of Mr. Truman's civil rights program.

All in all, it was a revolt that failed—so far as the convention was concerned. The convention ended early this morning, but the revolt did not end with adjournment.

Mr. Truman lost little time in getting back to the capital after his speech. His special train pulled into Washington at 5:10 a. m., after a two-hour and 10-minute trip back from Philadelphia.

Southerners Plan 'Rump' Convention

PHILADELPHIA —(AP)— Some but not all of the rebel Southern Democrats slapped down at their national party's convention packed off for Birmingham today —there to name a states' rights candidate for president and write a states' rights platform.

Thus history seemed to be flashing back 88 years to another bitter party split over the race issue: a split that put Abraham Lincoln into the White House as the nation's first Republican president.

Gov. Fielding Wright of Mississippi formally announced the convention call for the Alabama city. His action came swiftly after the full Mississippi delegation and half of Alabama's 26 delegates strode out of the steaming convention hall last night to protest a double defeat over the plaform.

Steel Wage Hike Coming

PITTSBURGH —(U.P.)— The CIO United Steelworkers executive board is meeting with union representatives negotiating wages with U. S. Steel corporation today.

The union announcement said they will discuss the "present wage situation" and the move was believed preparatory to a wage increase—possibly an average of 12½ cents an hour.

The union's wage policy committee, which ratifies new agreements, has been summoned to meet Friday.

The raise was expected to follow the dollar-a-day raise pattern which U. S. Steel agreed to grant the miners of its captive coal mines, along with the other coal operators.

The wage raise would affect 170,000 CIO United Steelworkers at the five operating subsidiaries of U. S. Steel and the settlement was expected to set a pattern for the rest of the nation's steel companies. A total of 850,000 dues-paying steelworkers would receive the raise.

Why Should The Same Foods Cost You More On TUESDAY than on SATURDAY

A&P Sees No Good Reason!

Why should food prices be higher the early part of the week than they are the latter part? Why should you pay a penalty on Monday for something you buy on Saturday? Why shouldn't you be able to save money on food any day you shop? A&P sees no good reason why. We believe that Monday's shoppers are entitled to the same low prices as Saturday's shoppers. So we keep prices as low as possible . . . not just on a few items a few days a week, but on item after item day after day. Results? You're sure to find money-savers galore at A&P no matter what day you stop in or what department you shop in.

Wholesale Meat Prices Still Climbing In East

CHICAGO —(UP)— Wholesale meat prices continued to point upward today in New York as midwestern livestock markets reported prices steadying.

Retail beef prices jumped up 10 cents a pound yesterday at a large grocery store chain in Atlanta, Ga., reflecting the steady climb in wholesale prices. The chain also announced five to six-cent increases on its other meat items.

Chicago prices showed little change yesterday on hogs under 240 pounds, but the market reported that heavier butchers were unsold. Good and choice hogs up to 240 pounds brought from $29.25 to $30 per hundred pounds.

Hogs prices were steady at Indianapolis and 25 to 50 cents lower at St. Louis.

Meanwhile, on the New York wholesale market the price of dressed beef jumped as much as 2 cents a pound Wednesday and pork prices were steady to one cent higher. The price of spring lamb was unchanged yesterday when it ranged from 62 to 67 cents a pound.

Supplies of all grades and types of meat were very light at New York with good and choice beef selling wholesale at from 58 to 62 cents and lightweight pork loins going for as much as 66 cents a pound.

Canada Nips Rail Strike

OTTAWA — (UP) — Canadian railroads and unions reached an agreement Wednesday averting a nationwide strike that had been set for 6 a. m. today.

Labor Minister Humphrey Mitchell announced the settlement, which he said provided for a 17-cent hourly wage increase for the brotherhoods.

The question of retroactivity, the final stumbling block in the negotiations, was settled after Mitchell had reported twice to the federal cabinet. The increases will be effective as of March 1.

Home Investigated

ATHENS—(UP)—A civil service investigation of alleged mistreatment of Athens county infirmary inmates began Wednesday with the suspension of Supt. Willard Simonton. Simonton was suspended for 30 days without pay and ordered to leave the institution.

Helium is now used to inflate airplane tires and to treat respiratory diseases.

Start Work On Home

Ground will be broken this afternoon for the four-room house to be built at the corner of the 80-acre farm purchased last year by the Richland Rural Life center. The house will be occupied by Floyd and Bertha Reding, from whom the farm was bought.

The new house will replace for the Redings their old home located about a mile back from Craul road, adjacent to the big barn which is to be used for recreational purposes.

It will be a modern home, with bathroom and heating unit and will be situated in a four-acre tract of land, set aside for the use of the Redings.

Floyd Mellick of Ganges is the contractor for the job. The house is expected to cost at least $5,000, Thomas Shepard, president of the Richland Rural Life center, said today.

Tonight members of the board of trustees will meet at the Center to plan to request organizations for contributions to the fund. So far, most of the cash gifts have come from individuals, Shepard said. But a number of organizations in the county have carried out projects for the purpose of raising funds for the Center and they still have these funds in their treasuries, Shepard said.

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

Ohio Battle Of the 'X's' Still Rages

CANTON—(AP)—Today it was John R. Hoffman's turn to ask for another recount in Stark county's battle of the "X's". He said he'd do just that.

Ever since the May 4 primary he and Joseph A. DuBar have been claiming the Democratic nomination for state representative. The play-by-play:

Unofficial count — DuBar wins by a slight edge.

Official count—Hoffman by a slim margin.

First recount (requested by DuBar)—DuBar by a few votes.

Second recount (requested by Hoffman)—Tie.

Election board's flip of a coin to break tie—Hoffman.

But the tie included one vote for Hoffman which was disputed. DuBar asked common pleas court for an opinion. Judge George N. Graham ruled Tuesday the ballot was invalid. The voter had put his "X" on the line between Hoffman's name and that of another candidate, Ralph Kinsey. The judge said the voter's intention was not clear, legally speaking. That left this:

Common pleas court decision—DuBar, by one vote.

Now Hoffman has a new angle on the X's. He says Ohio law requires voters to place them in rectangles before the candidate's names. He claims that in about one-fourth of the recounted ballots in 28 precincts, the marks were after the names. Now the situation is:

Election board—meets Friday.

Willard Telephone Company to Request Rate Increase

Firm Cites Higher Cost Of Operation

Rates Unchanged Since 1924

WILLARD—The higher costs of living finally caught up with the Northern Ohio Telephone company and, as a result, the rates are expected to climb in the Willard exchange area.

W. C. Henry, president and general manager, announced today that an application will be filed with the Public Utilities Commission of Ohio for an increase in the Willard rates within the next thirty days.

This is necessary, he said, because of the $74,705.81 increase for employes of the company, rising operating expenses and the heavy construction program now in progress to improve local service.

RATES UNCHANGED

Present telephone rates here for rural subscribers to the Willard exchange were established in October, 1924, and have remained unchanged since that time. Minor adjustments were made in substandard rates for business and residence service within the Willard Corporation on March 1 of this year. It is contemplated that some additional adjustments will be required to bring the level of exchange rates in Willard up to that received in automatic exchanges of comparative size, Henry said.

The Public Utilities commission has been asked to make an investigation and the income and expenses of the teelphone company.

Present monthly rates, as quoted by a company spokesman, follow:

Rural resident	$2.00
City resident	$2.75
Business	$4.75

Wage Plea Called High

(Continued From Page 1)

He explained that the finance and salary committee should have presented something to council as a whole and given the public safety workers some sort of an answer.

"However, I feel they should have contacted all the councilmen personally before taking such drastic action," he said.

USUALLY UNWISE

Councilman Michael Mihalick said he didn't think that ordinarily going over council's head was the right procedure, indicating that while he felt the city workers deserve an increase, the policemen and firemen had asked for too much.

Harry Bowman, chairman of the salary committee said "I think that all the city employes are entitled to a raise, and that they have been patiently waiting for some sort of council action."

Although he also did not approve of the employes' action of going over council's head, he said he felt that because of the lack of action of council, the public safety workers had some justification for planning such an unusual procedure.

Specific wage requests for police, fire and service department workers have been in the hands of council finance committee for some time, but action has been stymied by the failure of that group to meet the salary committee to draw up an ordinance.

Charles N. Shultz, chairman of the finance committee, insists he had not had a chance to study the proposed ordinance and had "no comment to make."

Councilman Clifford Knarr also reserved judgment.

Judge Scores 'Delaying Action' In Gambling Case

ASHLAND — Judge H. E. Culbertson yesterday scored the defense tactics of Bartley Bowers, indicted on four gambling charges by an Ashland county grand jury. The judge accused Bowers' counsel of staging a "delaying action."

Bowers, who gave his address as Mansfield, was granted a week's continuance when arraigned in Common Pleas court.

The continuance was granted after Bower's attorney charged that at least two witnesses who appeared before the grand jury last week were unsworn.

Judge Culbertson set a new hearing for next Wednesday.

The court pointed out that the grand jury can be recalled and witnesses presented to seek reindictments.

In a determined effort to crack down on alleged "big-time" gambling in Ashland, the grand jury indicted Bowers last week.

Bowers, operator of the Sky-Hi club on the Wooster road, was accused of "knowingly permitting the club to be used for gambling; exhibiting for gain gambling devices known as slot machines; exhibiting for gain dice and diee tables and exhibiting for gain a roulette wheel."

The club attracted customers from Ashland, surrounding counties and from the Cleveland area.

Bowers is at liberty under a $2,000 bond.

Reds In Italy Stage Riots

ROME —(INS)— The government of Italy, riot-torn and strike-paralyzed by communist action, declared itself ready today to meet any emergency.

Premier Alcide de Gasperi said that the government has "taken complete" control of the situation resulting from the attempt to assassinate leading Communist Palmiro Togliatti.

At noon the wounded Togliatti himself called on his lieutenants to inform him of every detail of all developments and announced he had decided to take over direction of all maneuvers from now on.

Two 'Men of Erie' Winners Return From 4-Day Trip

Two tired youngsters returned to Mansfield early today after an exciting four-day trip to New York as Mansfield winners of the News-Journal "Men of Erie" contest. But Miss Emily Campbell and Harold Leiendecker ignored their fatigue; they had too much to talk about.

Miss Campbell returned at 2:30 a. m., more than 12 hours after Harold Leiendecker, other Mansfield winner, arrived home. Miss Campbell had chosen to stay until a later train so that she might see the mountains as she came through Pennsylvania. She returned with the New York and Pennsylvania groups and shared with them the daylight pleasure of the ride.

The entire trip, according to Miss Campbell, was well-planned and complete in every detail.

"Even the tips were taken care of," she said. "The chaperone arranged to get us all the addresses and next summer we hope to get together again for a reunion. We made some wonderful friends."

Leiendecker echoed Miss Campbell's statement that the trip was "wonderfully planned."

"We all had a grand time and are very glad for the privilege of going," he said.

MAKES PROFESSIONAL DEBUT—Dick Kline (standing) makes his first appearance here with the Kinsey players. In this scene, he plays the part of the butler with "Pep" Graves (seated) taking the role of the son in "Love, Honor and Oh Baby."

★ ★ ★

Son Realizes His Father's Ambition

By NITA BRANSON

A Mansfield man who had wanted to be an actor in his younger years, sat under the tent at the Kinsey Players show the other night and watched his son, with immense satisfaction, do the thing he had wanted to do.

The father is Raymond Kline, one of Mansfield's firemen, and the son, Dick Kline, who played the part of butler in "Love, Honor and Oh Baby."

Dick was one of the graduating class at Mansfield Senior high school. He took four years of dramatics, three of them from under the tutelage of Earl Heasley. As a member of the class, he was in several high school plays during his four year term.

Now, he's started on the road of histrionics but is not quite sure which phase he wants to follow.

"That's why I'm with the Kinseys this summer," he said. "I'm sort of feeling my way. I think I want to be a comedian but I'm not sure. Then again I may want to form an orchestra."

The Klines are a musical family. The father plays a trumpet, Mrs. Kline the piano, a son, Frederick, the clarinet and saxophone and the youngest boy, Harrison, the drums.

"We have had our own orchestra here at home for a number of years," the elder Kline said. "We have a great time together."

The other night when Dick made his Mansfield..d.. beut made his Mansfield debut professionally, the whole family was there to watch him, to criticize a little but most of all to admire. Even his grandfather, H. B. Kline, retired Mansfield mail carrier, was there to join in the family plaudits.

Dick's portrayal of the butler in "Love, Honor and Oh Baby", was a colorful one and gave him a chance for some nice physical action but its going to be even better in the play "Hillbilly Love." In that Dick plays the lead. He may find then that acting is the thing and not music.

Rocks Shatter French Plane

TOULON, France — (AP) — A transport plane reported carrying 20 persons crashed Wednesday on the rocks of nearby Cape Sicie.

Six bodies were reported recovered and no survivors have been found.

The plane was reported flying low because of clouds. The nearby Toulon naval base, where the French fleet was scuttled during the war, sent two tugs and two launches to the scene. Land parties searched the cliffs. The spot of the crash was reported nearly inaccessible.

Barkley 4th In Age List

PHILADELPHIA — (UP) — At 70, Sen. Alben W. Barkley of Kentucky rates as the fourth oldest vice presidential nominee in the nation's history.

The other three — all over 70 — lost in their bid for election.

They were:

Democrat Allen G. Thurman (75), Grover Cleveland's running mate in 1888.

Democrat Henry G. Davis (81), who ran with Alton B. Parker in 1904.

Republican Charles Curtis (72), who went down to defeat with Herbert Hoover in 1932 after both were renominated by the GOP.

The oldest presidential nominee was William Henry Harrison, who was 67 when he was nominated by the Whigs. He was elected.

The average adult heart is about five inches long and three and a half inches wide and weighs about 10 ounces.

Horse Helps Catch Thief

CINCINNATI —(UP)— A would-be horsethief Wednesday received a cracked skull from the horse's owner and had the 1800-pound roan-gray mare stand on him until police dragged her away.

Henry Watson, 27, was taken to General hospital after his unsuccessful attempt to take the horse from its stall.

An accomplice escaped injury by fleeing when horse-owner Walter Etter appeared with a three-pound hammer. Etter struck Watson and then ordered the horse to "stand on him." Police gave the horse due credit for the capture.

ATTACKER SENTENCED

NEW PHILADELPHIA —(ANS)— Harry Rotacher, 24, of New Philadelphia was under a one-to-20-year sentence in the Mansfield reformatory today after he pleaded guilty to a charge of criminally attacking a 14-year-old girl.

Truman Accepts, Recalls Congress

NOW that President Harry S. Truman has become the Democratic nominee for the presidency, with Senator Alben W. Barkley chosen for the vice presidential spot, an idea of campaign strategy is quickly gained by the President's announcement that he is calling Congress back into specal session July 26 in the hope of securing enactment of legislation he had asked for in advance of adjournment of the regular session June 19.

This evidences intent to put the Republican Congress on the spot in matters of promises vs. performance, with special attention to housing, inflation, social security, health measures, aid to education, and the like.

Resistance of southern Democrats to the civil rights pronouncement of President Truman, as reflected in the platform plank on this subject, remains as the chief bone of contention in the party, with recognized resemblance to a situation that existed before the Civil war, although present threat of secession is merely from the Democratic party—not from the Union.

Whether or not anything will come of the plan of several southern states to hold an independent Democratic convention for the purpose of nominating a sort of Democratic candidate of their own, in order to take votes from Truman, is not yet known, but this need not be taken seriously into account as a determining factor in the November election.

With lines between the two major parties now quite clearly drawn, what promises to be a lively campaign is now being entered upon.

Sandusky Moves To Ban Gambling

WHILE Mansfield law enforcement officials appear to have reached an understanding with local operators of illegal gambling rackets that there is to be no further interference with commercialized gambling in this city, a quite different story comes out of Sandusky, where the recently appointed chief of police has clamped the lid on gambling, "effective immediately."

It was not without show of other official interest, however, that Sandusky's police chief acted in this matter, as he had been ordered by the city commission to prepare a written report on alleged Sunday whisky sales and barroom gambling devices which investigators reported having found in that city.

Although Mansfield and Richland county have never attained the notoriety of Sandusky and environs in the matter of so-called "big time" gambling operations, this is one of the things that tends to move steadily from bad to worse, if law enforcement officials are inclined to "play along" with known law violators and if there is no public insistence on a shut-down of various lucrative rackets supported by what is known to the trade as "sucker money."

It is odd, in a city such as Mansfield, where there's so much talk about "juvenile delinquency," and so much earnest effort to combat it, that so little attention is paid to the adult delinquency—and official inaction—which contributes so largely to disregard of laws which youthful offenders are inclined to regard with no more respect than those which elective and appointive officials fail to enforce.

An associated story comes from Newark, N. J., where a 38-year-old police judge has just confessed that he embezzled $657,000 from a bank of which he was vice president and counsel—and that the money was lost by "playing the races." Authorities are now seeking the bookmakers with whom the culprit placed bets—but this effort seems somewhat belated . . . something like "locking the barn after the horse is stolen."

Insofar as can be judged, Mansfield's Chief of Police Jesse Schwab was in earnest last January 31 when he issued what he said was a "permanent" enforcement order against all forms of illegal gambling in this city. He said this action was sanctioned by Mayor Roy W. Vaughn—who, it should be kept in mind, is the chief executive of Mansfield and therefore entrusted with final decision as to law enforcement policies.

The question, why was illegal gambling permitted to resume two months later, has remained unanswered by either the mayor or the chief of police, and there are still the even more intriguing unanswered questions, WHY WAS THE BAN PUT ON IN THE FIRST PLACE, and WHO, in this community, exercises sufficient power to decide administration policies for the city's chief executive, the chief of police, and possibly other law enforcement officials?

Berlin Serves as Testing Ground

THE COLD war continues to see-saw back and forth in Europe, but it appears that the outcome of the Berlin crisis will give the first real clue to whether or not the western democracies are succeeding in their plan of containing the Russian communists.

The gobbling up of Czechoslovakia was somewhat balanced by the defection of Tito from the Kremlin inner circle and the amazing ability of the Finns to retain independence.

It is in Berlin that the struggle has come to a head. The city is situated within the Russian zone. No doubt the Soviets figured it would be a simple matter to squeeze out the western powers. Yet it has not been simple.

Sealed out of the city on the ground, the western allies have literally built an aerial highway.

There is indication that the Germans themselves understand the Russian trick and want no part of it.

Flight of more than a dozen jet fighter planes—fully armed—from the U. S. to Germany will certainly not be interpreted by the Russians as a good neighbor visit or a scientific expedition. It is a pointed gesture, hinting that the U. S. intends to defend its aerial highway.

The moral and legal right of the western powers to be in Berlin cannot be questioned. It was agreed upon by the Russians just as surely as the Americans agreed to stop their military drive into defeated Germany short of the Nazi capital.

Rumors of Marshal Sokolovsky's recall to Moscow, to save face for the Kremlin in backing down on the blockade, are current. If they prove true, that will be a real indication of how the cold war is going.

An organization of Maryland parents urges that schools teach children how to read, write and add—and if such things keep on maybe sometime children will be expected to learn how to spell.

It has now reached a point where the car you wouldn't care to own is priced higher than you can afford to pay.

Washington Calling

Let Both Parties Argue

By MARQUIS CHILDS

PHILADELPHIA — Watching this slack and spiritless gathering proceeding with its foreordained business, you need no crystal ball to see what kind of campaign will develop in the fall. The contest will be more one-sided than any in our recent political history.

The Democratic organization will be virtually without funds. It is even now living from hand to mouth. The newspapers will be overwhelmingly for the Republican ticket.

The Democratic chieftains here for this convention see all too clearly how bad is their plight. But such an unbalance is bad not merely for the party that happens to be on the sort end.

Under our two-party system, it is bound to be bad for the country and even for the Republicans, who are at this moment looking on with such smug self-satisfaction.

There must be vigorous competition if the system is to produce truly representative government.

Already the effort is being made on the Republican side to make it sound as though this were to be a contest between the individual and individual freedom, on the one hand, and the all-powerful state on the other hand.

Nothing could be more false. A victory won on that ground would open the way to exploitation by interests more powerful than government itself.

In two fields it is already evident what this can mean. No. 1 is taxes. In this connection, a plank in the Republican platform deserves more study than it has received. The plank says:

"The federal government shall as soon as practicable withdraw or reduce those taxes which can be best administered by local governments, with particular consideration of excise and inheritance taxes."

* * *

Variations In States.

THIS is an outright invitation to repeal the federal inheritance tax. State governments are far more subject to pressure from wealth and power. Moreover, the way would immediately be opened to rivalry, with some states deliberately trying to attract wealth by a low inheritance tax or none at all.

At the last session the Republican Congress went a long way toward this goal. The new tax law permits the splitting of estate and gift taxes between husband and wife in the same manner that income tax can now be split.

In his message vetoing the tax bill, President Truman said that nearly all of the $250,000,000 annual reduction would go to 12,000 of the nation's most wealthy families. The new law, according to one theoretical example, would permit $1,000,000 to be passed on tax free.

You do not need to be an apostle of the soak-the-rich tax school to see where this can lead. Perhaps a truly objective study of our chaotic tax system would reveal that too great a share of the burden is being carried by wealth.

But a compliant Congress, willing to repeal or nullify the inheritance tax, could very quickly throw the whole structure out of balance.

In finding ways to make up the deficit, the burden would be passed to those less able to bear it. Our inflation-ridden economy would be under still another strain.

A victory won in part by default and on the false opposition of control vs. freedom would give the extremists far too much license; a license they are already preparing to use. In 1934 and 1936, the years of the New Deal high tide, we heard a great deal about the need for restraint and effective opposition under the two-party system.

That need may be even greater today, when the party in power for so long seems on the point of disintegration and is all but powerless to make itself heard.

The Nation Today

Compulsion If Needed

By JAMES MARLOW

WASHINGTON—In the last minute rush to end its work on June 19, Congress wrote into the draft bill something which affects business.

For example:

The government now can compel a business, like a plant or mine, to do whatever work is needed by the armed services.

If the plant owner refuses, the government can seize his place. He can be jailed for three years or fined $50,000, if convicted of refusing.

And here's another example, which affects only the steel industry:

The government can order the steel mills to set aside a certain percentage of steel for firms making things for the armed forces.

This was intended to make sure that small business would be able to get a share of the contracts handed out by the military.

So the draft bill tries to give small and big business alike a share in the contracts.

* * *

Agreement Expected

BUT this idea—that the government in peacetime could compel business to do this or that—disturbed a lot of business men.

President Truman finally stepped in and handed over the problem to Secretary of Commerce Sawyer. He told Sawyer:

Get the steel industry to agree—voluntarily—to set aside or allocate enough steel for everyone doing work for the armed forces.

Mr. Truman said he wanted to be sure small business had a fair chance to compete with big business in getting its share of government work.

The commerce department now has received estimates from the armed forces on their steel requirements during the next 12 months.

They'll need about 1,300,000 tons in that time, or only about two per cent of all the steel produced in this country.

So commerce department people say they don't think those needs of the armed forces will interfere with steel turned out for civilian use.

The commerce department will call in the heads of all the steel mills and ask them to agree, voluntarily, to allocate steel for the armed forces.

They're expected to do this. If anyone refused, the government could set up a priority—or demand—on the steel he makes to be sure the armed forces got it.

That's where the compulsive power in the draft bill hangs like a stick over the business man's head.

Timely Editorial

In Spiraling Language.

One economic survey report indicates the approach of another round of inflation and a further spiraling of prices while a second report raises numerous questions as to whether consumers can stand it or much longer will make the effort. The crystal gazers may well wonder about the consumers. Some of them have been able to swing onto the spiral and move up with it or at the top of it because of added wage and other income. Others have been thrown off and can only stare at the gyrations in dismay from the flattened position.

In thoroughly uneconomic language that's about the size of it for the consumers. They are rather important in the whole spiraling business, and since good numbers have been left out of it the question becomes how long their endurance will hold.—Kansas City Times.

Washington Merry-Go-Round

Democrats Shout More, Have More Fun

By DREW PEARSON

PHILADELPHIA—**Thoughts on watching a Democratic convention**—The Exercycle girl in the store window on Chestnut street is still pedaling her exercise machine up and down. She's been doing it ever since the Republican convention and she doesn't get tired . . . Sam Rayburn, Senator Barkley et al are still extolling the virtues of Franklin Roosevelt. The Exercycle girl is mechanized, but Rayburn, Barkley et al aren't. However, they don't get tired either . . . Roosevelt is gone now. It's the first convention without him in sixteen years, but they keep talking about him . . . Talking but not necessarily doing . . . Truman talks about him, but fires most of the old Roosevelt team . . . Oscar Ewing talks about him; Van Heflin talks about him, Congressman Mike Kerwin talks about him.

But the real fact is that, despite the talk, the Roosevelt family isn't in tune with Truman and never will be. Jimmy Roosevelt did his best for Eisenhower. So did Elliott, and, for a time, so did Franklin, jr.

Mrs. Roosevelt is sour on Truman, but has been too polite to say so . . . In brief, this is the end of the Roosevelt era, the winning era for the Democrats. They still make speeches about him, and in their hearts they know they can't win without him.

* * *

They're Individualists.

DEMOCRATIC conventions are usually more fun than Republican. They shout more, thump you on the back harder, sing louder. You notice it when they sing the Star-Spangled Banner. The Republicans move their lips. The Democrats fill up their chests and put some oomph in it . . . Finally, the Dems fight more . . . In other words, they're individualists — hard-singing, hard-drinking, hard-fighting individualists. And it takes a big man, a tough man, to ride herd on them.

* * *

Observing Contrasts.

MOST famous phrase of the 1944 campaign was "Clear it with Sidney," which made Jimmy Byrnes so boiling mad. The phrase came from Roosevelt's alleged remark when Jimmy wanted to be his vice-presidential running mate and FDR is supposed to have advised him to clear it with Sidney Hillman, then head of the CIO-PAC . . . Byrnes didn't clear it, and was not nominated, which was a tragedy because the country would have been immeasurably better off.

Today Jimmy is down in South Carolina, where he has a new farm with a lot of trees to clear away; Sidney Hillman is dead; and labor, which once played such a role at Democratic conventions, doesn't seem to be around any more . . . Phil Murray is sitting it out at Pittsburgh, apparently waiting for divine guidance. Dan Tobin, who for years helped write Democratic platforms, this year refused to be a delegate.

Long-range observers around the convention lobbies will tell you that labor has a lot to learn—when it comes to politics. No man ever went down the line harder for labor than Sen. Claude Pepper of Florida, yet the CIO sat on the sidelines listlessly watching his campaign . . . Other senators may remember that listlessness next time labor needs a friend on the Senate floor.

There's Chip Robert of Georgia over there in the lobby of the Warwick hotel, just back from Singapore from where he air-expressed a snake to his wife Evie. Evie used to fancy herself a snake-charmer. Now she charms Democrats. By the time the snake arrived in Washington, however, and had a chance to be charmed by Evie it was almost dead. Air-sickness . . . Says Chip: "If you have any dangerous snakes around give 'em an airplane ride. It's the best way to kill them." . . . Chip looks healthier now that he doesn't have to raise money for the Democrats. (He used to be Democratic treasurer.) So does George Killion, who succeeded him. George is now head of the American President Steamship Lines and says there's nothing like a trip across the Pacific for a summer's vacation.

Money raising for the coming Truman campaign is going to be tough. Mrs. Perle Mesta, the Oklahoma oil heiress who throws those big parties for the Truman's, is counted on for a big slice of dough. So are Secretary of Defense Forrestal and Ambassador Averell Harriman. They're supposed to ante up half a million, and if they don't come through it'll be bad, for almost nobody else will.

* * *

They Enjoy Scrapping.

THE LATE beloved Josephus Daniels was so right. It takes a big leader, a great man, to weld together the heterogeneous, warring factions of the Democratic party. They're too individualistic, in many respects so American. They're far too happy scrapping . . . Also, of course, some of them have got old and fat and complacent. No longer are they the young, vigorous, fighting party of Franklin Roosevelt . . . The days when new, fresh, invigorating youngsters would come to Washington and work almost for nothing just for the joy of helping their country are over . . . Yet that doesn't detract from the great job they once did.

The Republicans can howl their heads off about the New Deal, but they'll never dare repeal the New Deal laws—the SEC, Social Security, REA, old-age pensions, soil erosion, support for farm prices.

Those were days of never-ending battling for the underdog . . . The Democratic party today is still the champion of the underdog—only some of them are now so tired, so uninspired, so old.

Viewing the National Scene

Truman's New Freedom

By THOMAS L. STOKES

PHILADELPHIA — Harry Truman emerges as a shining symbol of simple decency and integrity from the grisly spectacle that some self-serving and time-serving politicians tried to make of the Democratic national convention proceedings.

He shows up so much bigger than his detractors. His prestige grows, as did that of Franklin D. Roosevelt, his predecessor, because of the enemies who tried to destroy him in what should have been, for all his service to the party, his hour of triumph.

Shall we call the roll again?

The noisy and bigoted array of Confederates who want to return the Democratic party to the status of half-slave and half-free, just as they have kept the South half-slave and half-free and thus held it back from realizing its true destiny. Their inane babblings at rump sessions all over this city smacked of blighted magnolias and the crinkles of dried honeysuckles on the autumn winds and empty julep glasses with sprigs of faded mint and the whip of the harried overseer—and the front office of mill and factory and the bar at the country club.

The big-city machine bosses and their henchmen, quaking with fear that they may lose some of their precious privilege to fatten from the prequisites that control or corrupt political machines yields them and dare to beat their breasts about "saving our country."

One-time New Dealers, some of whom now have joined the privileged classes and have nice bank accounts by virtue of sharp minds once devoted to the public service and the connections they were able to make because of their former influential positions in Washington.

Their mouthings now about "the people" sound a bit flat, particularly since they can find nothing more to advocate than Harry Truman has continually advocated, and too ready, too, is their willingness to tie up with those whom they formerly deplored in order to serve their personal ambitions.

Labor leaders who have become political masterminds and have forgotten the people they are supposed to serve.

* * *

Repudiated By Bosses.

HARRY TRUMAN now can shake himself free from all these self-appointed leaders, can purge himself of them, and make direct contact over their heads with those whom they are supposed to represent—the decent people in the South, and they are legion who are trying to move forward in racial relations and social and economic betterment, despite the blattings of the political and economic Simon Legrees; the millions in the big cities who carry the burden and costs of political bossism on top of their other burdens; the millions who work for a living and are acting in their organized capacity to move Congress to do some of the things necessary for their welfare, with no time or patience for the political game being played by their Panama-hatted straw bosses way off at the top somewhere.

Harry Truman, himself, has had to carry the load of political bossism because of his one-time connection with the Pendergast machine.

His repudiation by the bosses now, including Boss Jake Arvey of Chicago and Boss Frank Hague of Jersey City, may serve to dissipate Republican fire on the Pendergast target.

He is, in truth, nearer a free man today than he ever has been. This freedom comes late. But, nevertheless, it gives him the opportunity in the campaign to become the champion and spokesman of people as separated from some of their now-tarnished leaders, of just people, people who are harassed now by all sorts of anxieties despite the surface glint of good times, by inflation, by lack of decent homes, by the high cost of medical aid and education for their children.

It is likely that the people, who are not fooled all the time, have seen through the sham battle that has gone on here.

Harry Truman is given hardly an outside chance to win the November election. But, if he must lose, he can go down fighting for principles that are not sullied by compromises others have made to serve selfish ambition.

Dare To Be Yourself!

By CALVIN A. BYERS

IN ALL the green coloring of the woods along the southern end of Honey Creek valley, one tulip poplar stands out because of a pleasingly different tone, a shade of green so delicate and cool that it gives a delightful accent to all its fellow trees. The wind seems to linger sighingly among the leaves of its noble top, and everyone who lingers near for awhile feels rested.

MY AGED father loved animals and always noticed them sharply. One spring he pointed out to us boys a white barn swallow that built its nest beneath the extending girders of our bank barn's "overshoot". For four seasons that swallow stayed with us, every summer nesting in about the same place. It looked odd sitting among the others on the top of the wire fence, or swooping about the barnyard after flies—but there was no doubt of its belonging to the Swallow family. We talked about it, and about the crow with three white feathers in each wing that grandfather remembered seeing as a boy.

KING SAUL of Israel was handsome, and stood head and shoulders above his fellow countrymen. A fine physique must be treated as a responsibility. It draws attention. When one looks the same as all other men, he seldom rates a second look. So it's a good thing to excel in something, if it kills you!

IT'S GOOD to read a book that you do not believe, sometimes. It's good to take a walk that you never expected to take, or explore a road that you never knew existed. The very oddity and inconsistency will be refreshing. A man cannot really live very much unless something has awakened his wonder.

THE NEW has strength and stimulation to it, whether it's a "new look" or a new book, a new minister in the pulpit or a new litter of pigs in the lot. What is new gets the attention of people, and may make the world richer for years to come. When folks begin to wonder about something, they are apt to learn new and valuable truth.

Cafe Bombing Recalls Blasts of '30s

Bombing of the Crescent Cafe on South Park street on July 5 brought to the minds of Mansfielders the stories of two newspaper bombings here in 1931 and 1933.

On August 21, 1931, shortly after midnight, a bomb wrecked the basement and part of the first floor of the Mansfield Journal plant, then located at 22 South Walnut street.

Continued investigations in this city and in Toledo brought no solution to the mystery of a Packard coupe seen speeding from the scene at the time of the explosion. The auto was traced to Toledo through the license number.

The explosion, on the eve of the Journal's first anniversary, routed six persons from apartments in the second floor of the building and injured John Richards, night watchman at the publishing plant, and still a watchman at The News-Journal.

On November 12, 1933, the mailing room of the present News-Journal building was completely wrecked by another bomb

Both bombings received widespread mention in the nation's press, but no motives were established nor any solution of the crimes reached.

Following each incident, The Journal company offered rewards of $500 for arrest or information leading to the arrest of those responsible for the attacks.

Clean Screens Often to Keep Curtains Clean

Curtains and drapes are easily soiled when they contact dust-laden window screens. Cleaning the wire mesh regularly will save laundry bills on expensive fabrics, and will help to prevent the splattering of window sills and paint during rainy weather.

To clean wire screening quickly and easily, use the dusting attachment of the vacuum cleaner. A soft-bristled brush will also give satisfactory results.

A thorough cleaning often exposes even the tiniest of screen holes, which provide a large enough entrance for many pesty insects. Small holes can be repaired with ready-made screen patches, available at any hardware or five and ten cent store. The patches have tiny hooks which grip the surrounding mesh tightly.

After screens have been cleaned and repaired, wipe off the wire mesh with benzine, and apply a rust-inhibiting coat of varnish, thinned with linseed oil and turpentine. This mixture keeps the wire mesh openings from clogging and stopping the circulation of air.

Finally, to prevent mosquitoes and flies from swarming into the house, check screen frames for snug fit.

A cooked ham is good all the way through from the very first slice to the tag end scraps that wind up in sandwich fillings. Here is a filling that is ideal for spreading on thin slices of rye bread. Combine chopped ham, chopped cooked prunes, finely cut green sweet pepper and a few drops of tabasco sauce with enough mayonnaise to give the mixture spreading consistency.

Moose Women List Officers

The Academy of Friendship, Women of the Moose, held its first meeting of the year Wednesday evening with eleven members present. The new officers chosen were Mrs. Garland Harris, chairman; Mrs. Dalla Tupps, treasurer; Mrs. Michael Marvicsin, secretary; and Mrs. Louis Wiparina, reporter.

The business meeting was conducted by the new chairman, Mrs. Wiparina, who has just returned from Mooseheart, Ill., showed the members pictures taken on her trip.

One guest, Mrs. Michael Campanelli, senior regent, was present.

The door prize was won by Mrs. Campanelli. Games were played with the prizes going to Mrs. Tupps, Mrs. Fred Robison, and Mrs. Lester Perry.

Mrs. Paul Ritchey, Mrs. Paul Whipp, and Mrs. Wiparina were the hostesses for the evening.

The next meeting will be August 11 at 7 p. m. with Mrs. Lester Perry, Mrs. Lester Raby, and Mrs. Robison as the hostesses.

Don't Be a Self-Applauding Parent

By GARRY MYERS, Ph.D.

Parents who control their growing children happily and well and protect them from physical and moral dangers and hold these children to high standards of manners, conduct and citizenship have good reasons to be proud of their achievements.

Yet this very pride in their own standards and achievements can cause them to fall into the clutches of a very serious temptation, that of comparing some other parents and children unfavorably with themselves and their own children.

Other parents hearing these self-applauding parents may tell what they hear to the other parents concerned; also the children involved in the criticism may hear about it. Furthermore, young children who hear their own parents condemning other parents incline to feel a bit conceited about their good upbringing and to reveal this attitude of superiority to their playmates. The ill effect on other children and these other children's parents is obvious.

There usually comes a time when children brought up more strictly than their playmates and pals, even when they don't strongly resent the restrictions, are greatly embarrassed when their parents criticize the lower standards of other parents. Besides, this may cause the more strictly brought-up children to grow resistant to the restrictions by their parents.

Therefore, let me urge parents who suppose they are bringing up their children better than many other parents are to guard themselves against criticizing these other parents, especially in the presence of their own children. A good way for parents is to try to do the best they can in rearing their own children and feel assured their silent eloquence will need no words for defense or exhaltation.

Suppose your child should argue with you when he felt resistance at some restriction or requirement of him you are sure it wise. Suppose, for instance, your ten-year-old son objects to your rule of "A bee line for home when the lights appear." He may tell you that no other child is held to sure a rule, which may be true. Then if you are not very cautious you might tell him of the physical and moral dangers to the other children and the folly of their parents in not managing them better.

But if you are wise you will say nothing about the ways of the other parents and their children. Rather, you will say, "It's none of my business what other parents do." No further words should be desirable or necessary.

The time will come when this same lad will have to make a decision for himself whether to stick to his ideals or fall in with the gang. If he has the courage to say 'No' and nothing more, indicating no attitude of self-righteous feeling, but that "this is my choice," he should not find it very hard to take his stand and still win and maintain the esteem of the other youths.

"The biggest fair ever," is what Lewis L Rinehart, president of the Richland County Agricultural society, predicts for this year's Richland County Junior Fair. The fair, sponsored by the Richland county agricultural society, will be held Aug 20 and 21 at the fairgrounds.

Rinehart said, "last year there were 100 more exhibits than the year before, and we expect an increase this year," he added. "All the groups are working hard and there will be a lot of projects. Last year we had between 600 and 700 exhibits."

Miss Mabel Spray home demonstration agent who is in charge of 4-H club work, also said that she expected it to be the largest fair ever held She said that there would be more 4-H club projects than there had been in previous years

Attendance last year surpassed 1,000.

Money Sets Record Pace During June

Turnover Greatest In City's History

Monies paid out of all deposit accounts in Mansfield banks for domestic, commercial and industrial purposes during June totaled $43,469,000, the highest June turnover in history.

And for the three-month period ended June 30, $128,011,000 changed hands, representing the greatest second quarter of a year turnover in the city's banking history.

This indication of rapid commercial and industrial growth was revealed in the monthly report of the Federal Reserve bank of Cleveland.

The percentage increase during June, 1948, as compared with last year was 18.1 and the quarterly increase was 19.2.

This substantial increase in transfer of funds as a result of commercial and industrial activity reflects increased business activity, but must be examined in light of inflated prices, the bank cautioned.

Boy Wins Probation

A 15-year-old Mansfield boy was placed on probation for one year yesterday by Juvenile Judge Stuart H. Cramer on charges of being an accomplice in the taking of his father's 1947 sedan.

The boy was warned and ordered to get a job. He is to make a weekly report on his conduct.

Judge Cramer delayed sentencing of another boy, 16, who drove the car. He has been in juvenile court before. Court attaches were to see if arrangements can be made for the boy to reside with relatives in a nearby city.

Mansfield police arrested the boys, at the Woodland school with the car. They had planned to go up to Lake Erie.

State Pays Debt With Cleaning Job

The state highway department yesterday completed cleanout of the outlet section of the Hale ditch in Mifflin township, reciprocating for work done by the county department for the state in 1947.

At that time, County Engineer Walter E. Rusk said today, the county was asked by the state highway department to clean out the Kyner ditch for the protection of state roads in the area. That job took three weeks.

In return, the state highway department cleaned out the Hale ditch, a county ditch, doing the work during the past three weeks.

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep.

When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills. —Adv.

Mansfielders Fly to Distant Spots

MANSFIELD MUNICIPAL AIRPORT — Private flying is gaining in popularity among residents of the Mansfield area.

E. Dean Byerly, L. C. Barnett of Lucas, and David DeLong, postmaster of Perrysville, returned recently from Dog Lake, Camp Missanabie, Northern Ontario, Canada. They were flown there in the Richland Aviation, Inc., Seabee Amphibian by Paul Guthrie. All four reported the best fishing trip of their life.

Stuart M. Weaver of the Ideal Electric Manufacturing company, left Saturday in a Navion for Boulder Junction, Wisconsin. His passengers were S. Glen Vinson, president of Ideal Electric Manufacturing company, and Dr. Robert Ort. From Boulder Junction Vinson and Ort went on a fishing excursion. Weaver returned to Mansfield the same evening, reporting his 1300-mile cross country trip very enjoyable.

Instructor Wilbur Shafer and William Bowman flew to Detroit in the Navion to pick up Mrs Bowman and their three sons Mrs. Bowman had spent a week visiting friends in Detroit and the baggage load included all that goes along with such a week's visit, including the perambulator for the twin boys, 5 months old.

Roland Briggs and A. C. Tschantz, general manager of Richland Aviation, Inc., went to Toronto, Canada, to pick up Carlton Fernyak and Otis Cummins Monday morning in the Navion. Fernyak and Cummins were due to arrive in Toronto at 7 a. m. from a fishing trip in Northern Ontario.

After waiting for an hour, Briggs and Tschantz were informed that the train was five hours late, and decided to tour Canada by air while waiting. It was so late by the time the return trip to Mansfield was started that all four persons decided to view Niagara Falls from the air on the way home. This beautiful sight was enjoyed by all.

Union Constitution Lets Labor Bosses Hold Rule Without Vote

NEW YORK—The Taft-Hartley law has had very little effect on the unions whose conduct it was intended to moderate. One result, however, has been a surprise even to specialists in union laws and constitutional subtleties. These documents contain many dangerous limitations on the rights of the people which are stated in negative terms or established by a failure to set forth guarantees.

I have read the constitutions of fifty unions, many of them more than once. And, because there were so many undisguised criminals in the Hodcarriers' and Common Laborers' union, of the AFL, I may have read that constitution four or five times.

But never, until recently, did I realize that this was not a union of working men at all but a private preserve, operated by individuals holding the executive offices in the national headquarters, for the collection of fees, fines and dues.

Some also collected graft from contractors who gave up easily and simply charged the expense to the principal who was doing the construction. Usually in the last fifteen years, that principal, or client, was some branch of the government.

It is stated in the second section of Article 1 of the constitution that "this body," meaning the international union, "shall consist of the general president and vice-presidents and secretary-treasurer" except during convention time. During the convention the "duly elected delegates" also are included in "this body." However, conventions may be held no more often than once in five years, which happens to be the "elective" term of the president, vice-presidents and secretary-treasurer, who constitute the general executive board. The Hodcarriers' international is notorious even in the American Federation of Labor.

In a period of 30 years between the conventions and "elections" of 1911 and 1941, all the original officers but one died or were thrown out in fights for control of the treasury. The survivors among the old group elected reliable friends to fill the vacancies.

In 1920 the position of third vice-president was open and the rest of the boys invited Joe Moreschi, of Chicago, to take the job. There were many locals in Chicago and Mike Carrozzo, an old hustler in the brothel racket, a talent scout and traffic manager for Jim Colosimo, was coming on to be the regional dictator of the Hodcarriers. He was an intimate colleague in unionism of Joe Moreschi.

In 1926, Dominick D'Alessandro, the president, kicked off after a life of parasitic ease and Moreschi got the job in a scramble among the mourning survivors.

In 1941, Joe appeared before the "convention" as president and ran the show with an iron mallet. He had been vice-president and/or president for 21 years although he had never been elected to any office by the members.

★

The constitution says that every fifth year the rank and file must be invited to vote whether there shall be a national convention that year and a roll-call election at the convention. If there is no convention, the mob in power simply re-elect themselves in a private huddle for five years more.

The referendum proposal is always accompanied by a rider providing that if there is a convention each member must pay $2 to meet the traveling expenses and the cost of booze and babes for the boss-bums.

Gaming Hit Other Places, But Not Here

Mansfield 'Island' Of Operations

Sandusky apparently was cleared today of all gambling, according to a news dispatch from International News Service.

A checkup by police failed to show any violations of Police Chief Russell A. Thom's "no gambling" crackdown. Thom ordered out all gambling devices yesterday after city commissioners had asked a written report on gambling conditions and Sunday liquor sales in Sandusky.

Sandusky permit holders, meeting yesterday, told of being approached by a Sandusky bar owner who offered protection by Sandusky area state liquor inspectors if "the proper kind of gambling equipment" was installed.

The meeting of the 30 permit holders was called as a result of disclosures of irregularities in Erie county drink spots.

FEARS DISCLOSURES

H. E. "Bud" Roberts, proprietor of a Sandusky night club, told of being asked to operate a lottery and said that "if this sort of thing continues, in a year or so we won't have anything to sell." He added:

"Every tavernkeeper is slapped in the face by this kind of publicity."

Meanwhile news reports from some other sections indicated that commercialized gambling was being kept on the run by law-enforcement agencies which, in many cases, appeared to be acting under pressure generated by anti-racket public opinion.

In Cleveland, evidence continued to pile up against ex-Police Lieut. Ernest L. Molnar, being tried on charges of accepting bribes in connection with the policy gambling racket.

'BOOKIE' RAIDS

In Akron, a Tuscarawas county tavern keeper, who testified that a slot machine in his place of business accounted for more income than his beer sales, had his beverage permit revoked by the Ohio board of liquor control.

The tavern keeper had been called before the board to answer a complaint of gambling in his place of business.

In Wheeling, W. Va., 10 men were arrested in a series of raids which police said were directed against horse race bet booking operations.

Mansfield, however, remained an "island" of peace and quiet, where over-the-counter gambling on money punchboards, trade sheet poker games and open horse race bet booking went merrily along, without action or even comment by city officials or police.

Farm Agent Back Home

Ganyard Returns From Colorado

The possibility that a successor to George B. Ganyard as Richland county agricultural extension agent soon may be named broadened today as Ganyard returned to Mansfield. He has been attending a special course at the college of agriculture at Colorado university.

Otto Croy, extension supervisor for Richland and 26 other counties in Northeast Ohio, said yesterday in Columbus his office would not recommend a successor until he had conferred with Ganyard.

Ganyard planned to leave later today for the northeastern Ohio agents conference at Kelly's island, north of Marblehead peninsula in Lake Erie. He did not comment on whether the discussion would concern his successor.

Ganyard has resigned, effective Sept. 1, to take the post of county agent of Franklin county, Columbus. He has been Richland county agent since 1934.

State highway patrolmen were puzzled how he came to be lying in the middle of a highway at 1:20 a. m.

City Told Find House Or Lose Health Chief

Mansfield was told, in effect, today either to find a house for Dr. Harvey W. Wain or say farewell to him as the city's health commissioner.

In an unusual action, J. F. Carrigan, chairman of the Mansfield board of health, issued a public plea for aid in finding a house for Dr. Wain, his wife and two children.

Dr. Wain, former associate medical director of Miami Valley hospital in Dayton, became city-county health commissioner July 6.

"I received a call from the doctor Tuesday and it appears that unless we can get him a place very directly he will give up his position here in Mansfield," Carrigan stated in a letter. "He will pay up to $75 per month and if you can exert any influence in obtaining a home we would appreciate same."

Carrigan addressed his letter to Mayor Roy W. Vaughn, to the president and secretary-manager of the Chamber of Commerce, Harry B. Soulen and John G. Routzon, respectively; to Jack Balliett of the Mansfield Real Estate board, to C. L. VanDerau, works manager of the Westinghouse Electric corporation, and to George Kochenderfer, editor of the Mansfield News-Journal.

The letter added:

"Personally I am very confident that Dr. Wain will supply the leadership in our health department that has been most lacking for the past number of years.

"If you can exert any influence in obtaining a home we would appreciate same. We do not want to lose Dr. Wain as the pre-school clinics, baby clinics, and so many other important health problems are right before us; and we hope that you can be of some service in this community project."

Club Told Of Traffic Problem

Boals Reviews Annual Report

The startling statement that the City of Mansfield has the largest registration of motor vehicles, per capita, of any city in the nation was made by Frend Boals, Mansfield traffic commission, yesterday in addressing members of the Optimist club at a noon luncheon meeting in the Mansfield-Leland hotel.

Boals used the annual traffic report and recommendations he submitted to the chief of police last December as the text for his address.

As he read his diagnosis of the city's traffic troubles and his suggestions for their correction, club members noted a striking similarity between Boals' analysis of Mansfield's problem and the recommendations made by Vurnon Johnson, Cleveland traffic expert, in a report submitted last month to the Chamber of Commerce.

"There are 14,000 Mansfield-owned automobiles, 10,000 county owned automobiles going through the city, and approximately 18,000 other automobiles that come into the city which is the shopping center of the area for a radius of 25 miles," Boals said.

40,000 CARS FOR 45,000

"This is a total of approximately 40,000 automobiles for a city with an approximate population of 45,000 people."

"These 40,000 automobiles cannot find parking space in the business district which has parking facilities for only 2,500 cars."

Among Boals's recommendations were:

That a stock company be organized to construct three open air parking areas, one at Second and Walnut streets, one at either Third or Fourth and Mulberry streets, and the last at either Third or Fourth and Diamond streets.

That parking meters be replaced at 25 feet instead of the present 20-foot intervals.

That meters in the business district be limited to 12 minutes.

That the state liquor department open a new store to eliminate congested traffic on South Park street.

Installation of a new street lighting system with more light thrown on the street and not on the trees.

Elimination of city bus stops in the business district, one-way traffic on city streets, the elimination of the diagonal walks in Central park, the construction of pedestrian subways under South Main street, with one at South Main and Arch streets, and restrictions for the loading, unloading and delivery of trucks in the business district.

The Optimist members discussed the possibilities of an underground parking area under Central park until Commissioner Boals informed them that he had previously discussed the recommendation with an engineer who had estimated the cost of such a project at $3,500,000.

Bryce McMahon, club president, presided. Maurice Gordon served as program chairman.

Houses Few; Teachers Too

Lack of housing and transportation still remains as the greatest stumbling block in the path of solving county teaching vacancies, Boyd Robinson, superintendent, said today.

Robinson said his greatest worry was the filling of two commercial teaching vacancies and two music teaching vacancies. The music teachers he seeks must be able to handle both vocal and instrumental fields. One of the music teachers would be required to have an automobile.

17th District Delegates Back Vigorous Rights Plank

PHILADELPHIA — The Ohio delegation's much discussed "unity" fell apart yesterday during the Democratic National convention's wild debate on the explosive civil rights issue.

In a convention session punctuated by rebel yells, northern demonstrations and incessant calls for order, the Ohio delegation chairman, Ray T. Miller, announced a 39 to 11 vote in favor of the strongly-worded civil rights amendment which was added to the platform.

Both delegates from the 17th Ohio district, of which Mansfield is a part — Russ Kissner and Harold Pierce — voted in favor of the strong civil rights amendment to the Democratic platform.

Ohio was the only large northern state to split on the civil rights issue. The 11 votes cast against the amendment were mostly concentrated among delegates who backed the stand taken by Garrett Claypool, Chillicothe.

At an early morning caucus, Claypool, a member of the 108-man resolutions committee which wrote the party platform, asked the Ohio group to support the watered down civil rights plank in the interests of party unity.

But most of the delegates preferred to support the stand of Jack Kroll, Cincinnati, who told the caucus that the weak civil rights plank would repudiate the stand taken by President Truman, the group's unanimous choice for the presidential nomination.

Kroll spoke after Claypool told the delegates the majority report on civil rights was an excellent statement which offered the only hope to hold the Democratic party together.

But in a heated talk which electrified the caucusing delegates, Kroll said they should not be afraid to express their feelings on civil rights.

"From a political as well as moral standpoint we should support Truman's civil rights stand and the minority report" he said, citing the uphill battle the party faced in the fall election campaign.

By the three to one vote in caucus the delegates moved to demand a platform plank including:

1. Anti-lynch legislation.
2. Anti-poll tax laws.
3. A fair employment practices law.
4. Non-segregation in the armed services.

Galion Nine Opposition Saturday

By CHARLEY STINE

Mansfield's American Legion Juniors, winners of 12 straight games, need only to add two more victories to win the district championship and a berth in the state tournament.

Those two important victories must come Saturday and Sunday at Bellevue and Manager Dewey Durant has had his youthful charges drilling hard and long this week to make certain that they do.

The locals will meet Galion, only other team to win both of its tourney starts at 11:30 a. m. Saturday. Lorain and Willard, both having fallen before Durant's team, will open Saturday's round at 8:30 a. m. The loser of this game will be eliminated.

MANSFIELD WINS

Mansfield has beaten Lorain, 9 to 2, and Willard, 7 to 1, so far in the tournament. Durant's club defeated Galion twice in the southern sectional tournament of district five, 5 to 2 and 5 to 0.

Winner of the Lorain-Willard contest will tangle with the loser of the Mansfield game at 4 p. m., with the loser of this game also to be eliminated.

Sunday's play will open at 10 a. m. with only one game necessary if an undefeated team wins. Should a second game be required it will be played in the afternoon.

ACES READY

Durant has his two best pitchers, Dutch Bader and Lou Gregorio, ready to take their turns and will use Sparkie Watts if the third game is necessary.

The rest of the lineup will be the same as in the past few games. Ken McCally will be behind the plate with Buck McKeever on first base, Joe Distl at second, Watts at short and Mike Gruber at third. Gene Riblet, Cy Elsas and Bader or Gregorio make up the outfield.

Mansfield has been district champion for eight of the last 11 years. This year's state tournament will begin on Aug. 2, with teams having to register in Columbus on Aug. 1.

Indians Battle A's; Beat Brooklyn, 4-3

PHILADELPHIA—(AP)—Cleveland's league-leading Indians open their third invasion of the East here tonight and their pennant hopes undoubtedly will depend on their ability to continue their mastery of the eastern clubs.

The last time the Tribesmen swung through the East they came home with a record of eight victories and three defeats.

The Philadelphia Athletics, who trail the Indians by only a half game, provide the initial opposition tonight in a twi-night doubleheader.

The Tribesmen spent a busy evening in Cleveland tuning up for the important series with the Athletics by whipping the Brooklyn Dodgers 4 to 3 in an 11-inning exhibition game last night.

The attendance—64,877 paying fans—set a new record for exhibition games between two major league clubs. The old record was 62,369, for a pre-season clash this year in Yankee stadium between the Dodgers and the New York Yankees.

GET WINNING RUN

Jim Hegan singled with two out in the 11th to score Joe Gordon from second with the winning run.

LeRoy (Satchel) Paige, the fabulous Negro hurler recently purchased by the Indians for relief duty, wowed the crowd with a brilliant two-inning stint.

The ageless Alabaman entered the game in the seventh, threw only 12 pitches and struck out the side. He also retired three more hitters in the eighth before being replaced by Gene Bearden, who received credit for the win.

The game was played for benefit of the Cleveland Baseball federation, which will receive close to $90,000 for medical and promotional expenses in the sandlot circuits.

Mansfield 9's Ignore 1948 Softball Meet

None of Mansfield's 38 softball teams have thus far entered the district softball tournament, according to tournament manager Ted Baker of Bucyrus.

Baker reported yesterday that only twelve teams in all had submitted entry blanks for the tournament. Several Mansfield teams have asked for applications but have not returned them. Deadline for filing entries is noon next Monday. Drawings will be held that afternoon with play opening July 26.

Gorman-Rupp, defeated in the tournament finals last year by the Ashland Indians, was one of the local teams to write for applications, Baker said. Ohio Sport center was another. No word had been received from Komito's Clothes or Farm Tools, other teams undefeated in league play here.

Any team, men or girls, may compete in the tournament merely by writing tournament manager Baker, Colonial Grill, Bucyrus.

Only two girls' teams have entered so far in quest of the title won last year by Smitty's Maids of Marion.

Certain Favorite

NEW YORK — (AP) — Demon Hanover, the Citation of the trotting tracks, seemed certain today to go postward the favorite for the $60,000 Hambletonian stake at Goshen, N. Y., Aug. 11.

Moose Lodge Wins Over Hermans, 17-11

Moose lodge and Sons of Herman put on quite a slugging exhibition under the lights at the Gorman-Rupp field last night with the Moose aggregation rolling to a 17-to-11 victory.

It was the latter club's seventh Class A Club league victory in nine contests. VFW leads the league with six wins in seven games.

The Hermans took a momentary 10-to-7 lead with a five run burst in the last of the fourth but Moose took over with four tallies in the fifth. A Moose five-run splurge in the seventh iced the contest.

Al Schwaner led the losers with "4 for 4" as his team outhit Moose, 15 to 13.

In the preliminary contest, Ohio Brass won an easy 11-to-3 decision over Lumbermens in a postponed Girls' league test. It was the sixth straight victory for the Brass girls.

Gormann-Rupp 9 Plays Willard In League Conflict

Mansfield Gorman-Rupp will go after its 12th straight victory in North Central Ohio Inter-City league competition tonight when it opposes the Willard Elks at Willard.

Gorman-Rupp's last trip to Willard will be remembered as the occasion for a 16-inning 1-1 tie game in which Bobby Regula fanned 29 batters and Willard's Bob Smith struck out 30.

The Willard team has been in a slump recently, however, and has dropped its last three games by large margins.

Browns Sign 2 Additional Quarterbacks

CLEVELAND — (INS) — The Cleveland Browns of the All-America football conference announced today the signing of two more quarterbacks.

The backfield additions are Paul Rickards of the University of Pittsburgh and Stan Magdziak of William and Mary.

The signing of the two backs brings to 46 the number of players who will report to the Browns training camp at Bowling Green a week from next Monday.

Rickards, 22, won all-state honors at Wheeling, W. Va., high school for three years prior to entering Pittsburgh in 1944. He played with the Panthers for one year before entering the army and last season returned to Pitt where he displayed fine ability as a passer.

Magdziak, 23, was highly recommended by End Coach Dick Gallagher of the Browns, who served on the W & M coaching staff prior to coming to Cleveland last year. Magdziak played tailback and fullback for W & M.

Cole's Nine Surprises Tappan, 4-2

Although Farm Tools had little trouble annexing its ninth straight Industrial league victory, the big softball story last night was the victory of Cole's Tool and Dye over Tappan Stove.

The second-place Tappan team fell before Cole's, 4 to 2, as Bobby Regula turned in a sweet two-hitter. Regula is one of three Gorman-Rupp players who Cole's have added to their roster. Pete Campbell, G-R third baseman, and Regula got all three Cole's hits of Dick Kanz.

With Jack Walters pitching five-hit ball, Farm Tools blasted Dominion Electric, 19 to 0. Kenny Berry's three singles paced the 11-hit Toolmen attack.

In the other games, Mansfield Plumbing swamped Telephone company, 15 to 6, and Mansfield Tire edged Ideal Electric, 7 to 5.

Al Hager Wins First Ohio 'Am' Match; Spotlight on Servis-McCarthy Clash

DAYTON — Al Hager, Westbrook star, was the lone Mansfield entrant in the Ohio amateur golf tournament today as a field of 32 entered the second round.

Hager eliminated Mel Lehr, Dayton, 3 and 2 while Dale Rose, the other Mansfield qualifier, fell before young Bobby Rankin, Zanesville, 5 and 4. Rankin fired the best medal score of the first round, a three-under-par 68.

Two rounds of matches, cutting the field to eight players, were on the Ohio amateur golf championship chart today, but the spotlight played on a bit of single man-to-man combat.

The match play field was whittled from 64 to 32 in yesterday's opening round, but defending champion Bob Servis of Dayton, five-time holder of the crown, and Maurice J. McCarthy jr., of Cincinnati, a three-time winner, emerged to meet in today's No. 1 bout.

Servis had a tough time winning one up over Bob Ross of Springfield, but McCarthy, former national intercollegiate and New York metropolitan king, erased Tom Jones jr., of Youngstown by 3 and 2.

Twice before these two outstanding shotmakers have met, each time in the 36-hole finals match. The first time, in 1934, McCarthy defeated 19-year-old Servis 9 and 8. Two years later Servis was the victor, one up in 40 holes. This is the first time they've clashed over 18 holes.

Before either can reach the finals, plenty of up-and-coming talent must be batted out of the way. In the same bracket with the two favored stars are such club-swingers as Earl Hamilton of Columbus, who yesterday grabbed a one-up verdict over the Notre Dame golf captain, Jack Fitzpatrick of Akron; Bob Myers of Granville, 1940 state junior champion who grew up into a six-foot four-inch basketball star for Dartmouth and defeated Dorsey Nevergall, former professional from Lima, by 2 and 1 in the opening round; young Jack Thompson of Youngstown, who knocked out Danny Carmichael of Columbus, former Princeton golf captain, 2 and 1, and Lt. Jack Mann of Toledo, public links star who went to the semi-finals of the recent pay-as-you-go state meet.

SECOND ROUND PAIRINGS

TOP BRACKET—Servis vs. McCarthy. Hamilton vs. Roll, Zoller vs. Shock, Pinsterwald vs. Stuntebeck, Myers vs. Thompson, Ruddy vs. Blancet, Saunders vs. Mann, Caspio vs. Hager.

LOWER BRACKET—Whaling vs. Pipoly, Dye vs. Guev, Young vs. Picard, Buesmeyer vs. Augaitis, Schurtz vs. Hendrickson, Rankin vs. Evans, Paddock vs. Pietrzak, McConnell vs. Wood.

Police Junior Baseball Team Wins Fifth In Row

Playing between showers, the Police recreation club team featured yesterday's four-game Hot Stove junior baseball program by trimming the Moose lodge, 16 to 5.

It was the fifth straight victory for Gene Hartnett's team in the Junior league. Hess, the Police pitcher, permitted only two hits as his team came from behind to win handily.

The other junior contest between Exchange club and Eagles was rained out in the second inning. The Eagles were leading, 4 to 3.

Prospect headlined play in the Elementary league by defeating Brinkerhoff, 15 to 3, for its tenth straight victory. In the other games, St. Peter's won over Woodland, 8 to 5, and Newman defeated Bowman, 19 to 2.

Dump Crime Called 'Perfect'

CLEVELAND — (AP) — Convict George Andres was credited with "the perfect murder" today by Cleveland police.

For almost a week, a giant power shovel excavated thousands of cubic yards of debric in Edgewater park dump in an effort to unearth the body of a young woman Andrews confessed he buried there after strangling her.

Dr. Samuel R. Gerber, the county coroner, and homicide detectives decided to cease the excavating operations yesterday.

"If he did kill her—and I think he was telling the truth," Gerber said, "it's just one of those unfortunate things. That dump is so big and has been filled with so much material that we couldn't find a thing."

Andrews was given lie detector tests soon after digging began and the results convinced police he was telling the truth.

The 32-year-old man is currently serving a prison term in Pittsburgh for carrying concealed weapons. While in jail there he confessed to strangling the young woman "because my conscience bothered me."

Efforts to trace the identity of the victim failed also. Andrews said he knew her only as "Lorna."

According to his confession, he strangled her early in February in a nearby park, and buried her body in the dump.
